V1.7

The tests were carried out in the respective specialist department within the scope of competence of the authorized signatory in accordance with the QM manual. The analyses, unless otherwise indicated, are carried out by the company Eurofins Lebensmittelanalytik Österreich GmbH, Palmersstraße 2 in 2351 Wiener Neudorf.

All tests are subject to a quality assurance program according to ÖVE/ÖNORM EN ISO/IEC 17025. Explanations of the decision rules in conformity assessments according to ÖVE/ÖNORM EN ISO/IEC 17025:2018 are set out in the General Terms & Conditions (GT&C), deviations from which are set out in separate agreements with the client. The test results relate exclusively to the test object and the scope of the tests performed. The samples were stored according to the manufacturer's instructions. Deviating storage conditions are documented in the analytical report. All information regarding the sample(s), with the exception of data collected by Eurofins Lebensmittelanalytik Österreich GmbH upon receipt of the sample or on site, has been provided by the customer. Data provided by the customer could have an influence on the validity of the results. Tests marked with "HB" were analyzed at the end of shelf life. Results expressed in % indicate mass ratios unless otherwise stated. cfu: colony forming units; u.B.: below limit of quantification. The GT&C of Eurofins Lebensmittelanalytik Österreich GmbH, which are available on the internet at <https://www.eurofins.at/geschaeftsbedingungen/> apply. Publication of the report requires written permission. Publication and reproduction of extracts is not permitted.
